

INDEX

Here is the index to *Analog's* fifty-ninth year: 1988, Volume 108. Entries are arranged alphabetically by author, with month and page. (There were two issues in December, abbreviated Dec and Mid-D.) Multiple entries by the same author are listed in alphabetical order (or chronological if the titles are the same as in the case of a column or serial). When the author's name and/or part of the entry's title is omitted, it is the same as in the previous entry. Collaborations are listed under all authors, with cross references. Unless otherwise noted, each entry is identified as a serial (ser), novella (na), novelette (nt), short story (ss), fact article (fa), probability zero (pz), editorial (ed), poem (pm), special feature (sf), Alternate View (AV), or State of the Art (SA).
